The finish line is proposed to be out the front of the Port Lincoln Wharf

The boats will then make their way to the marina and into their berths (this will be a hive of activity as the boats arrive throughout the day). Lexus of Adelaide will be in the marquee by the Marina Hotel, drop in for a look and for those that have been involved over the last few years may want to pop by to say hi to one of the familiar faces of Lexus.

**Marina entrance location & return of Trackers** First time visitors, please note that you will receive a 'mudmap' of approximate location of marina entrance and berth location on the night of the brief and there will be a dinghy collecting the trackers from you upon arrival in the marina (this service will stop early evening and alternate procedures for the return of trackers will be advised at brief night or in your sailing instructions).
